WALK ON INNOVATION

ALWAYS IN THE RIGHT SPÓT

Ahmedabad is the sixth largest city of India. It is the commercial hub of the state of Gujarat, though it is not the capital, which is Gandhinagar, 30 km to the north.

Although it is not very well known as a 'tourist' place, it is certainly worth a visit. Actually, the fact that there are fewer tourists, will often get you a nicer welcome here.

CORPÓRATE CULTURE

Swastik Tiles welcomes achievers and visionaries in every field to be a part of this success story. Engaging the best minds in the business, nurturing them with care in a professional environment and bringing out the best in them is our continuous endeavors.

Our work is guided by a clear goal to decorate spaces and provide them with a personality of their own to make those living there feel truly at home.

COMPANY PROFILE

INTRODUCTION

The Swastik Group, founded in 1996, is one of the leading players in the Ceramic Industry. With an installed capacity of more than 10 million sq. metres, across 4 manufacturing locations in North Gujarat, the brand is reputed for its values and integrity.

EXISTING PORTFOLIO OF PRODUCTS

At present, the Swastik catalogue of products, with more than a 1000 designs, offers a complete range of Ceramic Wall and Floor tiles and Vitrified tiles – with sizes ranging from 200mmx300mm to 1000mmx1000mm and finishes ranging from rustic to wooden, from satin matt to textile, and from metallic to scratch resistant.

UPCOMING RANGE

“During FY 10-11, our foray into high value premium products begins, as we are coming up with an exciting collection of engineered Quartz slabs and a new range of Glazed Vitrified Tiles (GVT) & Multi-Charge Tiles.

EXTENSIVE REACH

The group currently has a nation-wide network of more than 500 dealers, spread across all the states. To add to this, the company exports its products to the UK, the UAE and Africa.

GROUP ACTIVITIES

The Group has diversified into a variety of industries like Edible oil refining, Dairy, Cables, Pumps, Paints, Resin and Microns, the latest addition being real estate!

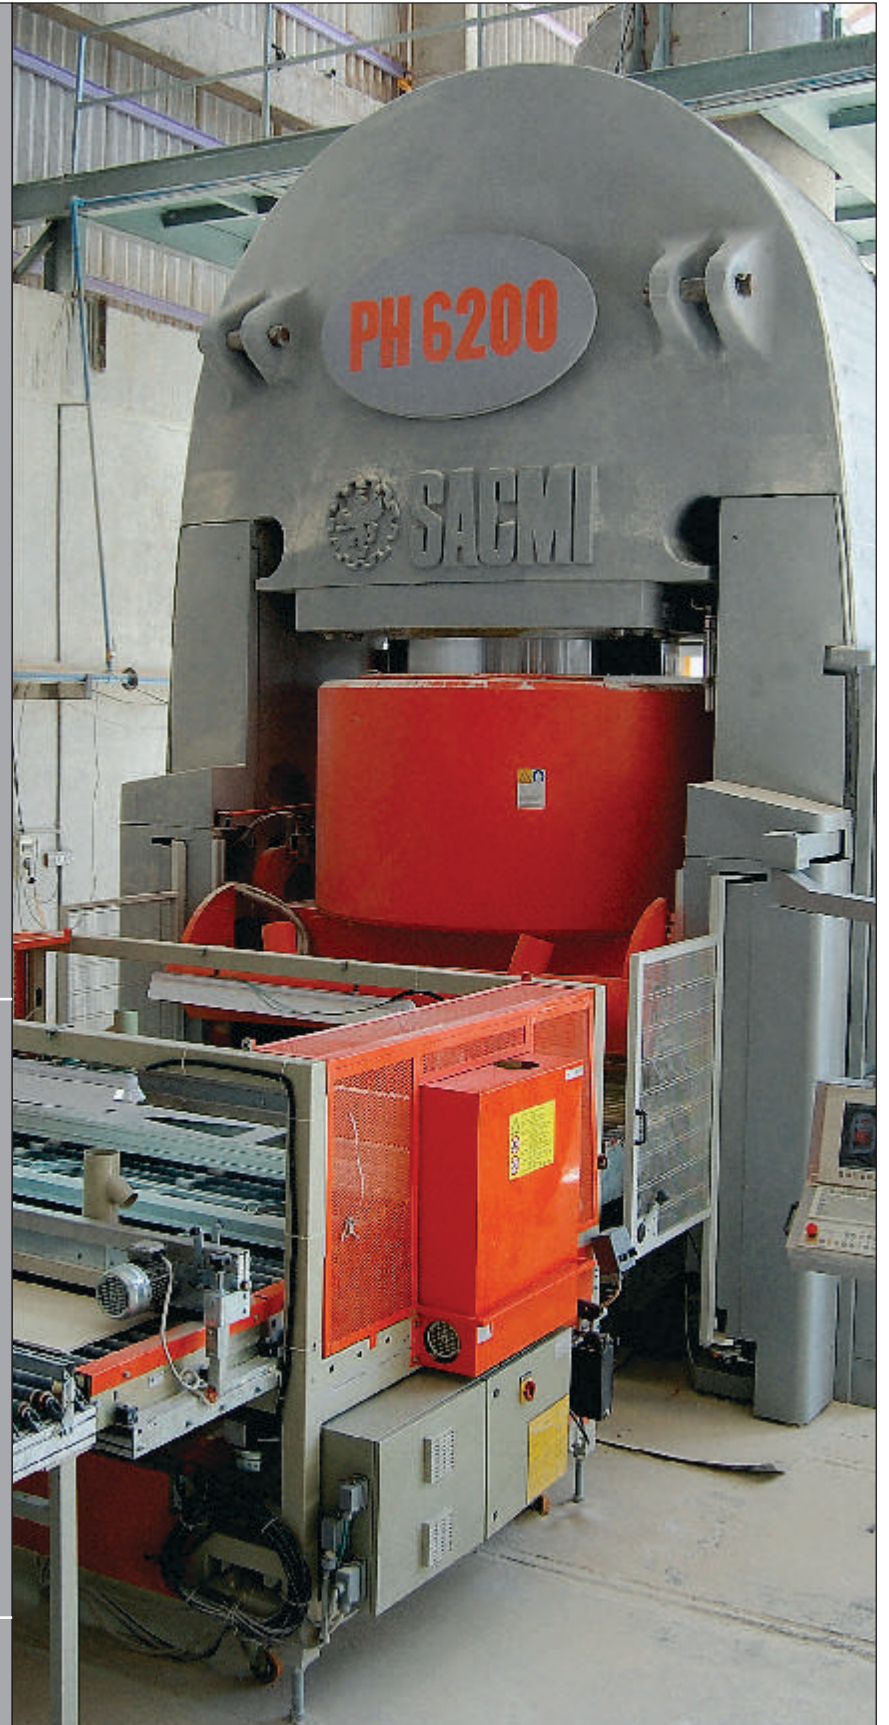

INFRASTRUCTURE

At Swastik, investments in innovation are ongoing, with the constant aim of manufacturing high-tech products with superb quality and design.

Technology, research, design and quality-Swastik is committed to all of these factors, enhancing its operations year after year since its creation, adopting new production techniques in order to improve the quality of its products. Involving machinery and technological launcher from world leaders like SACMI-Italy, employing longest Kiln 190 mtr & largest Press 6200 PH.

ADVANCING IN TECHNOLOGY

SPECIALTY PRODUCTS

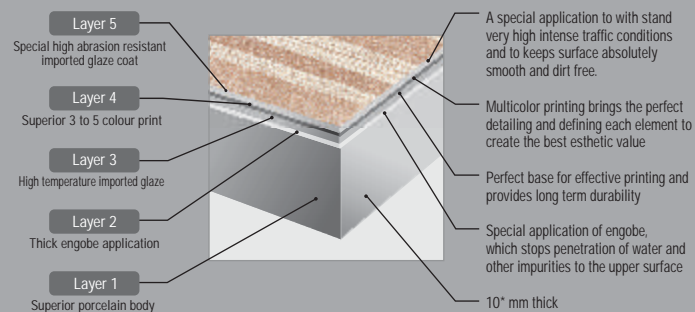

"Multi Layer" High Performance Ceramic Floor Tiles

"TORTOISE", The Tough & Really Tough "Multi Layer" Hi-Performance Ceramic Floor Tiles satisfying your needs for heavy and stubborn area applications. "The TORTOISE" "Multi Layer" Hi-Performance Ceramic Floor Tiles are manufactured by pressing of fine dust comprising Porcelain Clays which result in tiles that are dense, impervious, fine grained & smooth, with a sharply formed face having low water absorption making them frost resistance, harder & more wear & damage resistant.

Advantages TORTOISE

- High resistance to abrasion
- Extremely tough & durable
- Innovative elegant Italian designs
- Low water absorption & porosity
- Hard surface
- High scratch resistance
- Frost resistance
- Resistance to thermal variations
- Highly hygienic
- Easy to clean & maintain

MULTI LAYER TECHNOLOGY

- Layer 1 • High breaking strenght • Low porosity • High thermal resistance
 Layer 2 • Prevents water mark and any impurities
 Layer 3 • Surface durability, Complete detailing of the printing
 Layer 4 • Innovative designs, Aesthetic portfolio
 Layer 5 • High abrasion resistant to intense traffic
- Dirt free & smooth Surface
 - Highly hygienic • Surface hardness > 6 on mohs scale
 - Scratch and stain resistant
